

Bestway Steel Pro Max Pools

Since 1994 we have been the **leader of outdoor fun**.

We've studied for a long time the best method to make the creation of our products the **easiest way possible**.

To guarantee you a **quality experience** in total **safety** we've carefully chosen a high performance material for solidity and strength to offer you a valid product, in fact, Tri-Tech is an **innovative** reinforced material that **guarantees the maximum** in terms of strength.

The practicality of assembly makes the installation of the pools simple and fast without the need for additional tools.

CHARACTERISTICS

- equipped with Tri-Tech material, an extremely **durable material** to ensure safety and quality
- characterized by an **elegant and modern** design with realistic inner lining with prismatic stone print
